

# COVID-19 Impact to Healthcare: Physician Perspectives on the Fall Season Panelist Biographies

Dr. David DiLoreto, MD is a member of the Board of Directors of the Health Care Executive Group. He is also a Principal at Vizient/Sg2, the nation's largest health care improvement organization. Prior to joining Vizient/Sg2, he was a senior vice-president at GE Healthcare providing advisory services to GE clients in North America, Europe and the Middle East. He has served as The Chief Clinical Officer at Baptist Health Care in Florida and System Chief Medical Officer at Amita Health in Illinois. Dr. DiLoreto founded LSU Medical Center's faculty group practice in New Orleans in 1995.

**Dr. David DiLoreto, MD**

During his fifteen-year career as an orbital and ophthalmic plastic surgeon at LSU, he performed over 5,000 major surgical procedures and received numerous clinical and teaching awards. Dr. DiLoreto is a Diplomate of the American Board of Ophthalmology and serves as a director on health system boards and boards of professional societies, national trade associations and early-stage IT and analytics firms.

Dr. Johanna Vidal-Phelan, MD, a native of Puerto Rico, is Senior Medical Director in Pediatrics at the University of Pittsburgh Medical Center Health Plan and a practicing pediatrician at Hamilton Health Center, an FQHC in Harrisburg, PA. In her current role, Dr. Vidal-Phelan serves as a pivotal strategic and clinical leader to UPMC Health Plan's CHIP, Commercial, and Medicaid lines of business. Dr. Vidal-Phelan leads cutting-edge population health management and quality initiatives that impacts UPMC pediatric members. Dr. Vidal-Phelan graduated with a bachelor's degree in biology from Wellesley College and completed her Doctor of Medicine from UMDNJ Robert Wood Johnson Medical School in New Jersey.

Dr. Vidal-Phelan completed her General Pediatrics Internship and Residency at the University of Washington Seattle Children's Hospital and received her healthcare-focused Masters in Business Administration from George Washington University. Dr. Vidal-Phelan has over 15 years' experience in clinical practice and has been a thought leader in the field of value-based care, population health, care management and social determinants of health.

Dr. Jason Woo, MD Jason joined Arbinger in August 2019 to continue his joyful journey of humbling discovery. As a practicing board-certified obstetrician/gynecologist, he is a veteran with 31 years in the Commissioned Corps of the U.S. Public Health Service, working "to advance and promote the health of the nation." Jason became a student of leadership and systems change while studying economic development at the London School of Economics.

His clinical leadership and executive experience include federal, state, Tribal, private- and non-profit sector, and emergency response service. His administrative, research, and regulatory public health leadership roles include oversight of food, drug and dietary supplement safety and access, expansion of telemedicine services, contraceptive development research and the globalization and expansion of the drug supply.

Jason received a bachelor's degree in economics and chemistry from the University of North Carolina-Chapel Hill. He studied economic development at the London School of Economics, received his medical degree from the Uniformed Services University of the Health Sciences and completed a residency in obstetrics/gynecology at Georgetown University Hospital in Washington, D.C. He is the author of multiple clinical, regulatory articles, and texts. He maintains his clinical and teaching role with hospitals and clinics in the Washington, DC area.
