

RECAPPING HEALTHCARE EXECUTIVE GROUP 30TH ANNUAL FORUM

2018 ANNUAL FORUM

100+ healthcare executives driving health market innovation

25+ speakers and panelists who are pioneering the transformation of healthcare

4 keynote speakers offering exceptional insight

9 sessions covering the latest topics of interest to healthcare executives

3 nighttime events for networking and unwinding in the #1 Healthiest City in the United States

2.5 days

1 incredible opportunity to add some certainty to an uncertain healthcare industry

On September 12th, the HealthCare Executive Group kicked off its [2018 Annual Forum](#) celebrating our 30th Anniversary supporting healthcare executives and thought leaders navigate the tactical and strategic issues facing their organizations during uncertain times. Quite fittingly, HCEG's annual gathering of executives and industry thought leaders took place in Minneapolis, MN – recently ranked by [HealthGrades](#) as the [#1 Healthiest City in America](#).

NATIONALLY RECOGNIZED INDUSTRY LEADERS WITH A MINNESOTA CONNECTION

The near three-day long forum included interactive presentation discussions from nationally recognized healthcare industry leaders – coincidentally most all with strong connections to Minnesota.

[Andy Slavitt](#), former Acting CMS Administrator, current leader of [Town Hall Ventures](#), and Minnesota resident kicked off the

forum opening with a 'fireside chat' with [Dawn Owens](#), President of [TripleTree Investments](#).

The following day began with St. Paul, Minnesota native [Dan Buettner](#), National Geographic Fellow and NY Times [Best Selling Author](#) sharing "Blue Zones: The Making of a Healthy City."

And the day ended with dinner and [Dr. Craig Samitt MD](#), President and CEO of [BCBS of Minnesota](#) sharing his take on the state of healthcare with 'A Seasoned CEO's Perspectives on Where Healthcare is at and the Challenges and Opportunities Ahead.'

FORMER VA SECRETARY SHULKIN AT HCEG ANNUAL FORUM

Another nationally recognized healthcare leader, [Dr. David Shulkin MD](#), former Secretary of the Veteran's Administration and current Chief Innovation Officer at [Sanford Health](#) shared his 'Vision and Perspective for Healthcare from a Washington, DC Perspective.'

INTERACTIVE SESSIONS IN A CLOSE-UP SETTING

True to HCEG's mission of providing a forum where the open exchange of ideas, opportunities for action, collaboration and transformational dialogue may ensue, each of the above referenced sessions include the opportunity for forum participants to comment, ask questions and interact with the presenters and each other.

See below for information on pictures, presentations, videos and other content from our 30th Annual Forum. And visit our special 30th Anniversary page [here](#).

CREATING THE 2019 HCEG TOP 10 LIST OF CHALLENGES, ISSUES & OPPORTUNITIES

As has taken place in each of the previous nine annual forum events, participants of the 2018 Annual Forum discussed, voted on and ranked the Top 10 critical challenges, issues and opportunities they expect their organizations to face in the coming months and throughout 2019.

HCEG TOP 10 LIST AS BASIS FOR THE INDUSTRY PULSE

In addition to guiding the overall thought-leadership, content development, and knowledge exchange initiatives throughout the year, the 2019 HCEG Top 10 list will serve as the basis for The Industry Pulse, a research survey sponsored by the HealthCare Executive Group and our sponsor partner [Change Healthcare](#).

For information on the Industry Pulse, see [this page](#).

STAY TUNED FOR MORE HCEG TOP 10 & THE INDUSTRY PULSE

For more details and analysis of the 2019 HCEG Top 10, the upcoming Industry Pulse research survey and what health plans, health systems, provider organizations and other healthcare industry stakeholder are doing to lower healthcare costs and improve outcomes, be sure to [visit our website](#) and [subscribe to our newsletter](#).

Helping Kids Have Sweet Dreams

For our 30th Anniversary, instead of providing conference tchotchke that most often ends up in the kids junk drawers or in the trash, our Annual Forum Planning Committee decided to make a donation to the [Sweet Dreams Foundation](#) – an organization with a mission ***“to improve the quality of life for children who have been diagnosed with a life threatening disease through the creation of their Dream bedroom.”***

Wendy Berezovsky and her daughter Dalya represented Sweet Dreams and accepted HCEG's donation AND a generous, impromptu donation from Richard Lungen, Managing Member of [Leverage Health Solutions](#) and advisory partner to HCEG.

Our combined donation means over 200 pairs of pajamas will be provided to Sweet Dreams. For more information on the Sweet Dreams Foundation, see their website. And consider making a [donation](#) too!

As previously noted, over the following weeks and months we'll be working internally, with our sponsor partners and with other healthcare organizations to provide additional information, insight and ideas based on the 2019 HCEG Top 10 list. At a minimum, be sure to [subscribe to our newsletter](#). You may also want to consider becoming a member of the HealthCare Executive Group.

HCEG encourages continuous and evolving dialog on the main issues and concerns facing healthcare organizations.

Sponsor Partner Content

Unlike most all conferences and forums, HCEG events do not include sponsor exhibits and vendor pitches. We value our sponsors as advisory partners. As part of the 2018 HCEG Annual Forum, our sponsor partners created content we feel may be of value to our members and associates. Check out the following from our sponsor partners.

Livestream by Dr. Michael Cantor of CareCentrix

Steve Sisko, Digital Content Consultant for HCEG interviewed Dr. Michael Cantor, Chief Medical Officer for our sponsor partner [CareCentrix](#). The following are highlights of what was covered in this [16-minute interview](#).

- How “Blue Zones” lesson described by Dan Buettner can be used to improve healthy aging for individuals and communities
- Thoughts on discussions about social determinants of health at the Annual Forum
- How recent CMS action to allow Medicare Advantage plans to add supplemental benefits might work and what's likely to happen
- Opportunities for improvement of the care of chronically ill patients
